Number of clients and loyalty

CV-Online services have been used by thousands of companies from different industries, including almost all Latvian recruitment companies. CV-Online clients are both the small-sized, both mid-sized, and big-sized companies in Latvia and foreign countries.

The results of survey organised in summer of 2009 show that during the last ten years 83% of our clients (employers) have found employees with CV-Online assistance.

CV-Online job board has available the largest number of job ads among all job boards in Latvia, which gives the proof that the majority of employers trust CV-Online.
